## **Scoring**

### **Panel Judging**

- All non-worlds divisions will be evaluated on Cheer Canada score/deductions sheets found here.
- All Worlds divisions will be adjudicated on the IASF Worlds Score Sheets found here.
- Each judge will evaluate specific skill areas as per Cheer Canada/IASF Comparative Score Sheet.
- Multi-run events will have the first run weighted 30% and the second run weighted 70% of the total score.

## Legalities

- All-Star cheer divisions must follow the IASF level rules found here.
- Prep and Novice divisions will follow IASF level rules, however each has its own additional requirements that can be found here.
- Coaches are required to read through the <u>Event Scoring Policy</u> and take note of important changes for the 2023-2024 season.
- Cheer Canada Scholastic divisions must follow the Scholastic rules found <a href="here.">here.</a><sup>1</sup>

Everything you need to know about score check can be found <a href="here">here</a> under the score check tab.

Remember, before meeting with an official toreview legalities and deductions you must fill out <a href="this form.">this form.</a>

#### **Tie Breaking**

If the total score is the same, the team with the highest unweighted total overall impression score will be declared the winner. If there is still a tie, then both teams will be awarded that ordinal and the next rank will not be awarded.

I.E. 1, 2, 2, 4, 5 or 1, 1, 2, 3, 4, 5 etc.

<sup>&</sup>lt;sup>1</sup> Note that teams from Quebec, if registered in a division offered by Cheer Quebec, will not be expected to follow the Cheer Canada Scholastic Rules and will be judged using the IASF rule set.

### Judges' Choice

#### Single performance event

The judges' choice will be selected from the top scoring teams in each included level. The selection will consider discrepancies in scoring trends across panels.

#### **Multi-performance events**

- The judges' choice selection will be determined by taking 30% of the first run score, adding it to 70% of the second run score.
- Teams who are in single run divisions of multi-run events, will be eligible for their own Judges Choice award for their level (i.e. prep but not novice), separate from the two run Judges Choice calculation.
- If a team scratches one performance at a multi-performance competition, only the first run percentage will be included.

## Division Information<sup>2</sup>

- Canadian Cheer aligns with <u>Cheer Canada for all All-Star Divisions</u> in regards to ages and team size.
- Canadian Cheer aligns with both <u>Cheer Canada Scholastic Divisions</u> and <u>Cheer Quebec Scholastic Divisions</u>.
- Cheer Abilities will be <u>non-compete</u> unless they notify the Canadian Cheer office/scoring coordinator that they intend to compete. If a team intends to compete, they will be bound by all scoring, rules and divisional requirements outlined for Cheer Abilities by Cheer Canada found <u>here</u>.

## **Crossover Athletes**<sup>3</sup>

A crossover athlete is an athlete that competes on more than one team. Crossover athletes must be properly documented on the team roster and registration form and submitted prior to the event. Failure to accurately document crossover athletes will result in disqualification of the team.

- School athletes that also compete with an all star team are not considered crossovers.
- Crossovers may not compete against themselves (ie two teams in the same division).
- Additional crossover limitations may apply at specific events (ie Showdown, Canadian Finals, Worlds Bid qualifying events etc).
- Athletes may participate on a maximum of three all star cheer teams at any event.
- Cross overs are required to pay the associated fees for each team with which they participate.
- Please see the USASF crossover rule for further clarification for Summit/Worlds teams.

<sup>&</sup>lt;sup>2</sup> Canadian Cheer reserves the right to add, combine, divide and or eliminate divisions as necessary based on registration per event. The interest is always to facilitate a fair and competitive event.

<sup>&</sup>lt;sup>3</sup> If your team(s) will be competing with cross-over athletes you will need to bear the burden of overlapping practice times, performance orders and payment.

## **Bid Declarations/Qualifications**

- -Summit bid declaration
- -Worlds bid declaration
- -Canadian Finals Qualifications

### **Team Music**

#### **Format**

- Mp3 player connections. Please ensure the following steps are taken:
  - All tracks are on their own playlist
  - That the electronic device is in good working order, with the appropriate settings.
  - Protective cases removed
  - o Airplane mode turned on
  - Volume up
  - o All alerts/reminders/alarms turned off
  - Music downloaded directly to the device and NOT playing off a cloud

#### **Music Error**

- If there is an error in the music, the convenor or legalities judge will assess if there was an obvious disadvantage to the team and may re-issue a performance time.
- Should there be an error in music, the team must continue their performance until a Convenor or Legality judge stops the music.
- The coach who remains at the music booth may request a stop of music, but is not guaranteed a new performance time.
- If a coach believes their team was disadvantaged due to a technical difficulty they must report this to Score Check or M.C. within 5 minutes of their performance.

## **Sickness or Injury**

### **Before Warm-up Rotation**

The EP staff may help facilitate switching warm-up times with other willing teams, but cannot guarantee an alternate time. If a team fails to perform at their designated time, they will receive 0 for their score. In the spirit of sportsmanship, the EP will endeavour to make the fairest possible decisions for all parties, but time limitations and other factors may limit the EP's ability to make scheduling concessions.

### **During Warm-up Rotation**

Teams who incur a severe injury during their designated warm-up time may be immediately moved to the end of their division to allow the team time to alter the routine. Whenever possible, the EP's staff will try to accommodate extra mat time to warm up the altered skills.

Teams scheduled to use a mat that is occupied by an injured athlete will still be granted their entire warm-up time, but the EP cannot guarantee they will still have the same "on deck" span of time.

## **Virtual Teams**

We ask that all teams who are competing be mindful that there may be technical difficulties associated with virtual performances. We will do our best to be on time but flexibility is key when performing virtually as we may need to move performance times due to unforeseeable technical difficulties, poor bandwidth, etc.
